MEXICAN GOES GUNNING FOR FATHER, SHOTS CHILD.

An eight year-old Mexican boy was brought down from Hershey Friday night suffering from a gun wound in the side and was placed in the General Hospital for treatment. The shooting occurred about eleven o'clock that night and the man who fired the shot was Jose Barron, a Mexican. Barron and the father of the boy, both of whom are beet tenders, had personal trouble. Barron went to the other man's shack and demanded that he open the door. The door was opened by the boy, and as he swung it open Barron fired and ran. The ball entered the right side and ranged downward, and through the wound is a serious one it is thought the lad will recover.

The shooting was not reported to Sheriff Salisbury until eleven o'clock Saturday forenoon, twelve hours after it occurred, though the father had brought the boy to the hospital. "Why didn't you report to the sheriff immediately?" was asked the father. To which the father replied: "Me get him, (referring to Barron) me get him down in New Mexico."

Railroad Administration Bulletin.

The Union Pacific Railroad can give employment to homesteaders and others in its carshops and roundhouses, under conditions that will enable them to earn during the balance of the season at least \$120 per month at ten hours work per day.

We will co-operate in every way to put them to work, furnishing transportation for them to return to their homes should they need to go back to keep a line on things at the farm.

If these homesteaders will apply to the agent, to the mechanical department at the nearest terminal, or to our Division officers, we will find work for them at once. We will, of course, furnish transportation to point where work is, and, as stated above, for them to return to their homes when it is necessary.

We believe this will help out materially in aiding these homesteaders to do their part in the work of the war, and they will be performing work essential to the railroad at this time.
